Home Insurance Renewal

P NYE, C FOSTER
1335 PALISADES DR
PACIFIC PALISADES CA 90272

8/12/2024

Dear Pamela Nye and Chuck Foster,

Thank you for choosing Farmers for your homeowners insurance needs. We appreciate the opportunity to offer continued coverage for you and your family contingent upon payment toward the premium as stated below.

Please review the renewal offer documents that have been enclosed:

- Declaration page – a summary of your insurance coverages, limits, and deductibles
- Detailed reconstruction cost estimate of your home

You may notice you're no longer receiving the Good Payer and Preferred Pay Plan discounts. Unfortunately, we're no longer permitted to offer these discounts to any California policy holders. We regret that we're unable to provide this discount anymore and we encourage you to chat with your agent to see if there are other discounts you may be eligible for.

As a way to thank you for your continued business, we have added to your Declining Deductibles® balance. Your accumulated balance appears on your Policy Declaration in the Deductible section.

A summary of your premium and policy change information is shown below. With this renewal, you'll see an increase in your home coverage limits. As inflation and reconstruction costs rise, so does the amount of coverage needed to rebuild your home in the event of a total loss. For more information on these changes, please see the "Reconstruction Cost and Your Coverage A (Dwelling) Amount" page of this document.

Additional Coverages for Your Homeowners Insurance Policy

Homeowners insurance starts with standard coverages, such as the cost to repair or replace your home after a covered loss, the cost to repair or replace damaged or destroyed personal property, and personal liability coverage. But many common risks aren't covered by a standard homeowners policy. Optional coverages let you address more risks. Here are some of our most popular options to balance coverage and costs. Any you have already chosen will show a ☒ below.

Valuable Items - Specified

Adds coverage for specific, listed items of valuable personal property, such as jewelry, cameras, artwork, furs, guns, silverware, or musical instruments. Each item must be described in detail with an agreed value. Coverage includes loss from mysterious disappearance.

Marring to Certain Metal Materials

Adds coverage for wind or hail marring to metal building materials such as gutters, and downspouts.

Cyber and Identity Shield

Provides coverage for a wide range of identity theft or cyber events, including Ransomware Support Service, Identity Theft Restoration, Data Recovery and System Restoration, Wire Transfer Fraud, and Internet Clean-up.

Zero-Deductible Glass

Pay no deductible for damaged glass attached to your home or separate structures.

Limited Leakage and Seepage

Covers water damage, up to a stated amount, that results from slow, accidental leakage or seepage of water.

Equipment Breakdown

Adds coverage for damage caused by breakdown or rupture of boilers, or mechanical, electrical, electronic or fiber optic equipment.

Home Sharing

Provides coverage for short-term rental of all or part of the home.

Water Backup and Sump Overflow - All Types of Covered Property

Coverage is available for water damage from sewer/drain backups or sump overflows, up to the stated limit. Does not cover flood damage.

This statement provides a list of some of the types of optional insurance coverages that may be available to you. Contact your Farmers[®] Agent, or us, to discuss these and other additional coverages.

- This policy contains a flood exclusion. Flood coverage may be purchased separately from the National Flood Insurance Program, if available in your area.
- This policy contains an earthquake exclusion. Contact your agent for information concerning the availability of earthquake coverage.

- This policy includes 10% Building Ordinance coverage (calculated as a percentage of coverage A or B) as applied per the policy. This policy provides building code upgrade coverage for the increased costs of repairing or replacing damage to the insured dwelling caused by a covered loss because of building ordinances or laws regulating the repair or replacement. Building code upgrade coverage is provided based on the increased costs associated with building ordinances or laws in effect at the time of loss or rebuilding, up to policy limits for this coverage. The policy may denote restrictions, if any, on coverage for compliance with applicable building codes that take effect after the date of loss, but before the issuance of required building permits.

Policy Notices

BUILDING ORDINANCE OR LAW DISCLOSURE

Your policy includes Building Ordinance or Law coverage subject to certain terms, conditions and restrictions. This disclosure provides a description of the terms, conditions and restrictions for this coverage. This disclosure is provided for informational purposes only. It is not a part of your policy and does not affect or provide coverage, in and of itself.

Coverage and Limits.

We will pay up to the percentage of the applicable Coverage A or Coverage B stated limit, shown in the Declarations, for the increased costs that you actually and necessarily incur when you repair, replace, rebuild, demolish or remove, hereinafter "repair", covered loss or damage to the dwelling or separate structure because of or resulting from the enforcement of any building law.

- o This Coverage is additional insurance.
- o The building law must be adopted by the local government in which the dwelling is located, be in force at the time of the covered loss or damage and directly apply to the part of the dwelling or separate structure which sustained damage.
- o Enforcement of the building law must directly apply to the "repair" of:
 - that specific part of the dwelling or separate structure which has sustained damage; or
 - to undamaged parts of the dwelling or separate structure, which is "physically necessary" in the course of repairs to complete the "repair" of that part of the dwelling or separate structure which has sustained the covered damage. "Physically necessary" does not include where building law does not apply to the covered damage, but a governmental authority will not approve or permit "repair" of the covered damage unless you or anyone acting on your behalf also complies with that building law.
- o If you should rebuild the dwelling or separate structure at another location, then we will only pay in the Extension of Coverage the increased costs that you would have incurred to "repair" the dwelling or separate structure at the same location.
- o The decision whether or not a building law applies will be reviewable by a court.
- o We do not cover:
 - the actual or perceived loss in value to the dwelling or separate structure due to the requirements of any building law;
 - the cost to "repair", stabilize or otherwise restore land;
 - the costs to comply with any building law which requires an insured or others to remediate the dwelling or a separate structure, or a part thereof;
 - the increased cost to "repair" if the dwelling or separate structure is not intended for the same type of occupancy as the pre-loss event dwelling or separate structure;
 - the increased cost to "repair" the dwelling or separate structure until it is actually "repaired";
 - increased costs of construction, renovation, repair or replacement that are a result of your failure to timely undertake repairs or rebuilding of loss or damage;
 - the costs of demolition if you should fail to reasonably mitigate or "repair" loss or damage and as a result the dwelling or separate structure then becomes subject to demolition;
 - those costs of complying with any building law that you were required to comply with before the covered loss or damage, even if the building law was not being enforced, and which building law you failed to comply with;
 - those costs of complying with any building law that regulates the zoning or use of the dwelling or separate structure; or
 - those costs of conforming, correcting or remedying any original or subsequent construction, addition, modification, renovation or repair to a building or other structure which did not conform to a building law in effect

Policy Notices (continued)

- when the construction, modification, renovation or repair was performed.
- o The coverage is subject to all other policy terms, exclusions, deductibles and conditions.

Policy Endorsements

Declining Deductibles® Endorsement (G7642 - 1st Edition)

In Section I – Property Conditions, Deductible Clause, the following is added:

Declining Deductibles Reward ("Reward").

- (1) With each renewal of this policy, you will accrue a \$50 Reward which we will add to a Declining Deductibles Balance ("Balance") for you.
- i. The amount of your Balance will be available to reduce the applicable Section I policy deductible(s) that applies to your next paid claim.
 - ii. The \$50 Reward will accrue even during those policy periods when you have a claim or some of your accrued Balance is used to reduce an applicable deductible.

Example 1. After you have renewed this policy for two years, you will have accrued a Balance of \$100 that will reduce your applicable policy deductible as follows.

The applicable deductible (as shown in the Declarations):	\$500
Minus the Balance (as of the second renewal):	\$100
Equals the effective deductible for your next covered claim:	\$400

If you have a \$1000 claim the \$500 policy deductible is reduced to \$400. Your paid claim will be \$600 instead of \$500.

- (2) **Eligibility.** In order to qualify for this benefit you must:
- i. maintain this policy in force without interruption; or
 - ii. if you cancel this policy, purchase another Farmers FlexSM Personal Home policy or another Farmers Insurance Group[®] homeowner policy with a Declining Deductibles® Endorsement within 60 days of the cancellation. The new policy must insure the **dwelling** or your replacement **dwelling**. If you purchase such other policy, then your Balance will transfer to the replacement policy as of the date of cancellation.
- (3) **Program Rules:**
- i. The Balance that is accrued as of the date of loss will be available to reduce the applicable deductible(s) for that loss up to the full amount of the applicable deductible(s). Additional accruals of Rewards at the renewal following the loss will not be available for that loss.
 - ii. Your Balance will be applied to reduce the applicable deductible(s) on every loss where a claim payment is made.
 - iii. Any remaining Balance that is unused after being applied to reduce a deductible on a paid claim will remain in your Balance for use towards another paid claim.

Example 2. After you renew this policy for twelve years with no claims you will have accrued a Balance of \$600. That Balance will be applied to any loss prior to the next renewal to reduce the deductible applicable to that loss. Any remaining amount will remain in your Balance.

The applicable deductible (as shown in the Declarations):	\$500
Your Balance:	\$600
Balance used to reduce the deductible:	\$500
Your <i>effective deductible</i> on next paid claim:	\$0
Your new Balance after claim payment:	\$100

Policy Endorsements (continued)

If you have a \$1000 claim and a \$600 Balance, the \$500 policy deductible is reduced to \$0. Your paid claim will be \$1000 instead of \$500. You have a remaining Balance of \$100.

- iv. If two or more claims are pending at the same time, the full Balance *as of the date of loss* will apply to the claim that is paid first. Any remaining Balance will be available to reduce the applicable deductible when the next claim is paid.
- v. If the amount of the claim is less than or equal to your applicable deductible after it has been reduced by your available Balance, then your Balance will not be used and will remain available for use on your next paid claim.

Example 3.

Amount of claim	\$350
The applicable deductible (as shown in the Declarations):	\$500
Your Balance:	\$150
Balance used to reduce the deductible:	\$0
Balance available for your next paid claim:	\$150

- (4) Your Balance will be applied to reduce the amount of the applicable deductible on every claim if the deductible is applicable to the claim except as explained above in item (3)v.
- (5) Rewards have no cash value to you other than to reduce the amount of an applicable deductible.
- (6) Rewards do not apply if a mortgagee is named in the Declarations, and the mortgagee has foreclosed on the property prior to the date of loss.

Policy Notices

Notice to Consumer - California Residential Property Insurance Disclosure

Policy Number: 33667-75-00

Insured's Name: Pamela Jane Nye Family Trust

This disclosure is required by Section 10102 of the California Insurance Code. This form provides general information related to residential property insurance and is not part of your residential property insurance policy. Only the specific provisions of your policy will determine whether a particular loss is covered and the amount payable. The information provided does not preempt existing California law.

Primary Forms of Residential Dwellings Coverage

You have purchased the coverage(s) checked below. Note: Actual Cash Value Coverage is the most limited level of coverage listed. Guaranteed Replacement Cost is the broadest level of coverage.

- ☐ **Actual Cash Value Coverage** for either a total or partial loss to the structure or its contents pays the amount it would cost you to repair, rebuild, or replace the thing lost or injured, less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. A deduction for physical depreciation applies only to components of a structure that are normally subject to repair and replacement during the useful life of that structure.
 - ☐ **Replacement Cost Coverage** is intended to provide for the cost to repair or replace the damaged or destroyed dwelling, without a deduction for physical depreciation. Many policies pay only the dwelling's actual cash value until the insured has actually begun or completed repairs or reconstruction on the dwelling. Coverage only pays for replacement costs up to the limits specified in your policy.
 - ☒ **Extended Replacement Cost Coverage** is intended to provide for the cost to repair or replace the damaged or destroyed dwelling without a deduction for physical depreciation. Many policies pay only the dwelling's actual cash value until the insured has actually begun or completed repairs or reconstruction on the dwelling. Extended Replacement Cost provides additional coverage above the dwelling limits up to a stated percentage or specific dollar amount. See your policy for the additional coverage that applies.
- N/A* **Guaranteed Replacement Cost Coverage** covers the full cost to repair or replace the damaged or destroyed dwelling for a covered peril regardless of the dwelling limits shown on the policy declarations page.
- ☒ **Building Code Upgrade Coverage**, also called Ordinance and Law coverage, covers additional costs to repair or replace a dwelling to comply with the building codes and zoning laws in effect at the time of loss or rebuilding. These costs may otherwise be excluded by your policy. Meeting current building code requirements can add significant costs to rebuilding your home. Refer to your policy or endorsement for the specific coverage provided and coverage limits that apply.

*N/A = Not available

Read Your Policy and Policy Declarations Page Carefully: The policy declarations page shows the specific coverage limits you have purchased for your dwelling, personal property, separate structures such as detached garages, and additional living expenses. The actual policy and endorsements provide the details on extensions of coverage, limitations of coverage, and coverage conditions and exclusions. The amount of any claim payment made to you will be reduced by any applicable deductibles shown on your policy declarations page. It is important to take the time to consider whether the limits and limitations of your policy meet your needs. Contact your agent, broker, or insurance company if you have questions about what is covered or if you want to discuss your coverage options.

Information You Should Know About Residential Dwelling Insurance

Policy Notices (continued)

Avoid Being Underinsured: Insuring your home for less than its replacement cost may result in your having to pay thousands of dollars out of your own pocket to rebuild your home if it is completely destroyed. Contact your agent, broker, or insurance company immediately if you believe your policy limits may be inadequate.

The Residential Dwelling Coverage Limit: The coverage limit on the dwelling structure should be high enough so you can rebuild your home if it is completely destroyed. Please note:

- The cost to rebuild your home is almost always different from the market value.
- Dwelling coverage limits do not cover the value of your land.
- The estimate to rebuild your home should be based on construction costs in your area and should be adjusted to account for the features of your home. These features include but are not limited to the square footage, type of foundation, number of stories, and the quality of the materials used for items such as flooring, countertops, windows, cabinetry, lighting and plumbing.
- The cost to rebuild your home should be adjusted each year to account for inflation.
- Coverage limits for contents, separate structures, additional living expenses and debris removal are usually based on a percentage of the limit for the dwelling. If your dwelling limit is too low, these coverage limits may also be too low.

You are encouraged to obtain a current estimate of the cost to rebuild your home from your insurance agent, broker, or insurance company or an independent appraisal from a local contractor, architect, or real estate appraiser. If you do obtain an estimate of replacement value, and wish to change your policy limits, contact your insurance company. While not a guarantee, a current estimate can help protect you against being undersinsured.

Demand Surge: After a widespread disaster, the cost of construction can increase dramatically as a result of the unusually high demand for contractors, building supplies and construction labor. This effect is known as demand surge. Demand surge can increase the cost of rebuilding your home. Consider increasing your coverage limits or purchasing Extended Replacement Cost coverage to prepare for this possibility.

Changes to Property: Changes to your property may increase its replacement cost. These changes may include the building of additions, customizing your kitchen or bathrooms, or otherwise remodeling your home. Failure to advise your insurance company of any significant changes to your property may result in your home being underinsured.

Exclusions: Not all causes of damage are covered by common homeowners or residential fire policies. You need to read your policy to see what causes of loss or perils are not covered. Coverage for landslide is typically excluded. Some excluded perils such as earthquake or flood can be purchased as an endorsement to your policy or as a separate policy. Contact your agent, broker, or insurance company if you have a concern about any of the exclusions in your policy.

Contents (Personal Property) Coverage Disclosure:

This disclosure form does not explain the types of contents coverage provided by your policy for items such as your furniture or clothing. Contents may be covered on either an actual cash value or replacement cost basis depending on the contract. Almost all policies include specific dollar limitations on certain property that is particularly valuable, such as jewelry, art, or silverware. Contact your agent, broker or insurance company if you have any questions about your contents coverage. You should create a list of all personal property in and around your home. Pictures and video recordings also help you document your property. The list, photos, and video should be stored away from your home.

Did You Know?

We provide this handout to let you know about discounts and surcharges that may affect your insurance premium, depending on the type of policy you have. A discount means you pay less. A surcharge means you pay more. This is for your information only and is not an offer of insurance or part of your policy.

Discounts - Here are some ways to get a discount on your premium:

- Go at least one year without a "qualified loss" and the discount increases every year. Receive the largest discount after five years without a "qualified loss".
To find out what "qualified" means, see the next section.
- Have your auto and umbrella policies with us
This applies when a qualifying Auto or Umbrella policy is issued by a member company of the Farmers Insurance Group of Companies®.
- Have your earthquake coverage with the California Earthquake Authority.
This applies when a qualifying earthquake policy is issued by the California Earthquake Authority.
- Buy a new home.
This applies when your home was purchased within one year of policy inception. Discount remains for up to five terms.
- Have certain types of protective devices installed in your house.
This applies, with certain restrictions, to any devices that protect from fire, theft, or water

Surcharges - The following describes when you could pay a higher premium:

- You've had one or more qualified (we explain "qualified" below) losses in the past five years.
We remove the surcharge on the first renewal date after the five-year anniversary of each loss.

Do you have questions? Would you like a detailed explanation of any of these discounts and surcharges? If yes, please call your Farmers® agent.

Definition of Qualified Loss

In the context of discounts and surcharges, damages paid for certain types of losses are "qualified losses." The simplest way to explain what is a qualified loss is to list what it isn't: Any loss paid under any property policy for damages to covered property resulting from one of the causes of loss listed below is *not* a qualified loss. In other words, any of the following losses paid under any property policy resulting from any of the following causes of loss does not count against you and does not affect discounts or surcharges:

- Earthquake.

Policy Notices (continued)

- Losses in which the net paid amount does not exceed \$500.
- Losses considered "forgiven" under the Farmers Personal Home Claim Forgiveness program.
- Losses which are overridden by the underwriter.

*Subrogation is defined as "substituting one person for another". When an insurance company pays the insured for a loss for which another party is responsible, the company may "subrogate" and take over the insured's right to collect from that party.

We understand this information about "qualified losses" is somewhat technical in nature. Please call your Farmers[®] Agent if you have questions.

California Wildfire Mitigation Customer Notification

We use a variety of factors when determining your insurance rates. One key risk area we consider is your Wildfire Risk Score, also called FireLine®. We get your FireLine score from our vendor Verisk™, and it's a common tool used in the insurance industry to help determine a property's wildfire risk. The FireLine score at your property is 6, which has a premium impact to your policy of \$0.00. The FireLine score is calculated by looking at three risk factors of your property:

1. Fuel – this factor assesses the amount and type of vegetation at your property and within a quarter mile of the surrounding area (for example, grasses, trees and/or brush).
2. Slope – this factor is determined by reviewing the slope of the land on which your property is situated (Slopes can increase the speed and intensity of a wildfire).
3. Access – this factor is assessed based on ease/difficulty of road access to your property for emergency services.

In order to calculate your FireLine score, the Fuel and Slope scores are multiplied together and then the Access score is added. The score can range between 0 and 30, where 30 represents the highest risk.

You can learn more about how your property is scored below:

- Fuel (score of 0-5, with 5 representing the heaviest/highest combustibility fuel) - 2
 - o Fuel score assesses vegetative fuels at the property and within the surrounding area (i.e., amount and type of fuels including grasses, trees or dense brush). Available scores:
 - 0 – No Fuel
 - 1 – Small, light fuels
 - 2 – Light to medium fuels
 - 3 – Medium fuels
 - 4 – Medium to heavy fuels
 - 5 – Heavy, large fuels
- Slope (score of 0-5, with 5 representing the steepest slope) - 3
 - o Slope at the property (i.e., steep slopes can increase the speed and intensity of a wildfire). Available scores based on percent of steepness:
 - 1 – Mild (0-5%)
 - 2 – Moderate (6-20%)
 - 3 – Steep (21 – 40%)
 - 5 – Extreme (over 40%)
- Access (score of 0-5, with 5 representing most restricted access) - 0
 - o Access to the property (i.e., fire truck ability to access properties located on a dead-end road or network of roads). Available scores include:
 - 0 – No Access Problems
 - 1 – Somewhat Limited Access
 - 3 – Limited Access
 - 5 – Very Limited Access
 - NOTE: If the property address is not found in the FireLine database, the Access component will be blank.

Notice of Information Practices California

Why did we send you this notice?

The State of California requires all insurance companies to tell customers about their information practices. Information practices include things companies do to gather and share information about customers. Insurance companies need information to make decisions. They make all sorts of day-to-day decisions: who to insure, how much to charge, how to handle claims, and others.

What are your rights?

Our information practices extend to applicants and policyholders (past and present). State and federal laws give you certain rights when you take part in transactions having to do with insurance for yourself, your family, or your household.

We send our customers a notice called the "Farmers Privacy Notice." The Farmers Privacy Notice does not limit any rights you may have - as a consumer, claimant, or beneficiary. Your state gives you additional protections. They are explained in this notice.

How do we collect the information?

You give us most of the information we need when you apply for insurance. Much of it is made up of common, practical facts: your employment information, your driving record, your age, where you live, and other things like that. Many times, we need more information. Or we may need to verify information you've given us. When that happens, we normally ask for a report from an outside source. That source can be a consumer reporting agency or an insurance support organization. Both provide information in the form of consumer reports. Most insurance companies use these; it's a common industry practice.

Sometimes one of these outside sources needs to gather information before they can prepare an investigative consumer report. This could be done as part of a fraud investigation, for example. They might then contact you, another adult member of your household, or a neighbor by phone or in person. If this happens, you can, as the Named Insured, ask us to interview you or your spouse as well. We will make every effort to honor your request.

What types of information do we collect?

Auto - While taking your application for insurance and to service policies covering your personal vehicles, we may obtain information about

Policy Notices (continued)

- How you use your vehicle(s), including annual mileage
- Age, personal habits, and characteristics of drivers
- Credit information
- History of accidents, driving violations, arrests or convictions, and claims
- Previous insurance experience

Property - While taking your application for insurance and to service policies covering your real and personal property, we may obtain information about

- Type of construction and square footage of dwelling
- Heating system and other physical characteristics of the property
- Care and maintenance of the property
- Credit information
- Claims history
- Previous insurance experience
- Personal habits and characteristics of the property's occupants

What do we do with the information?

We use the information we collect about you to perform insurance functions. This includes

- Underwriting and servicing your policy
- Processing claims (we may obtain information relating to health and employment)
- Investigating potential fraud
- Other activities permitted by state and federal law

Here's an example: If you ask us to set up a payment by electronic funds transfer, we may obtain financial information for a particular bank account.

We may also disclose information to other parties. The law permits us to do this without your prior authorization when the information goes, for example, to these parties:

1. Your Farmers[®] agent - to service your policy.
2. Persons who need this information to perform normal business functions for us.
3. Persons conducting actuarial or research studies on our behalf.
4. Another insurance company or an insurance support organization - to perform an insurance transaction, or to detect or prevent criminal activity or fraud in connection with an insurance transaction.
5. A medical professional or medical care institution - to verify insurance coverage or benefits or to inform an individual of a medical problem the individual may not know about.
6. An insurance regulatory authority.
7. Law enforcement or other governmental authority.
8. A group policyholder - to report claims experience or conduct an audit of our operations, but only as needed to conduct the review or audit.
9. Affiliates, as permitted by law. The law allows us to share your financial information with our affiliates to market products or services to you, and does not allow customers to restrict that disclosure.
10. Persons that perform marketing services on our behalf, as permitted by law.

Policy Notices (continued)

11. Other non-affiliated third parties, as permitted by law.
12. A party to a proposed or consummated sale, transfer, merger, or consolidation of all or part of the company underwriting your policy.

An insurance support organization that prepares a report may keep information it gathers and disclose that information to other persons, but only to the extent permitted by federal and state law.

How can you see or make corrections to your personal information?

You have these rights:

- To know what personal information about you we have in our records. That includes reports from outside sources.
- To get a copy of your personal information.
- To request that we correct, change, or remove any information you feel is incorrect.

To use these rights, you must send us a written request. Your Farmers[®] agent can give you the appropriate service center address.

If you request that we correct, change, or remove incorrect information, we'll check our records and make the changes if we can. We'll let you know in writing what we decide.

If we cannot make a change you asked for, you can file a statement. Write down the reasons you disagree with our decision. We'll include the statement in our records. That way, anyone who looks at the disputed personal information will also see your statement. From then on, if we disclose your information to another party, we'll include your statement. We will also send a copy to anyone who has gotten your personal information from us in the past two years. Just tell us who you would like us to send it to.

There are some types of information for which these rights do not apply:

- Information we collect to process an actual or anticipated claim
- Information we collect for an actual or anticipated civil or criminal proceeding
- Specific items of privileged information when an applicant or policyholder is suspected of fraud, material misrepresentation, or material nondisclosure

We'll keep you informed.

As required by law, we will keep you up to date on our information practices. We reserve the right to modify our practices at any time, when permitted by law.

Reconstruction Cost and Your Coverage A (Dwelling) Amount

Policy Number: 33667-75-00

This document contains important information about your insurance coverage. Please review this information carefully.

Do You Think You Have Enough Coverage?

At renewal your policy will provide \$412 per square foot to rebuild your home. (This does not include any additional amount added by extension or endorsement to your policy.)

When you first obtained your policy, Farmers® used an estimating program to calculate a reconstruction cost estimate for your home. This was an estimate, not a guarantee of reconstruction costs.

As part of the annual renewal process, we applied a reconstruction cost factor to your current Coverage A (Dwelling) amount and also recalculated your reconstruction cost estimate. Below is the Coverage A amount with reconstruction cost factor applied, the recalculated reconstruction cost estimate, and the amount we are offering to insure your home for at renewal. Since we do not unilaterally reduce the Coverage A amount at renewal, there will be no change in the offered Coverage A amount if application of the factor or recalculated reconstruction cost would result in a decrease in the Coverage A amount.

Current Coverage A (Dwelling) Amount with Reconstruction Cost Factor:	\$690,000
Recalculated Reconstruction Cost Estimate:	\$666,000
Cost of labor, materials, and supplies	\$466,384
Architect's Fees and Permits	\$53,094
Contractor Overhead and Profit	\$110,988
Demolition and Debris Removal	\$12,496
Other Fees and Taxes	\$22,965
Coverage A (Dwelling) Amount offered for this renewal:	\$690,000

You may have previously chosen to insure your home for more or less than the original reconstruction cost estimate. If you would like to insure your home for an amount different than our offer, please contact your Farmers agent. Your agent can also calculate a new estimate if you notify them of changes and/or upgrades to the features of your home.

Please review the next page to make sure the details about your home are correct, and let me know of any necessary changes. Changes to these details could result in a change to the reconstruction cost estimate. Feel free to contact me at any time if you want a new estimate calculated or if you want to make a change to the amount for which your home is insured.

Policy Notices (continued)

It's important to understand that reconstruction cost is NOT the same as the market value of your home.

Reconstruction Cost

Reconstruction cost is the amount it would cost to rebuild your home if it were destroyed. It includes costs like materials and labor and city/county fees. It is not what a buyer would pay for your home or the amount of your mortgage. It does not include the value or cost of the land.

vs.

Market Value

Market value is the price a buyer would pay to purchase the home, including the land and property, in its current condition. It takes into account the location, the desirability of the property, changes in the housing market, and the economy. It does not take into account the cost to build a new home.

Do You Need Help?

As your Farmers Agent I am happy to help you with any questions you have. I can provide guidance as to the coverage options available, but I cannot choose your coverage amounts for you. Ultimately it is your responsibility to make sure you have purchased sufficient insurance coverage to rebuild your home and replace your personal property.

If you have questions about your coverage or the Coverage A amount offered for your home with this renewal offer please contact my office at (949) 487-9696. As your Farmers Agent, I am committed to providing you with excellent service.

Sincerely,

Patrick Prendiville

- Is the square footage accurate?
- Have you remodeled your kitchen, bathrooms or any other part of your home?
- What is the overall quality of your home? (See the Quality Grade definitions later in this document.)

Please review the information below about your home for accuracy. Additionally, keep in mind that the amount for which we have offered to insure your home is not a guarantee of reconstruction costs. Again, feel free to contact me if you want to make a change to your Coverage A amount.

Please note that the above information is not an all-inclusive list of the individual home features that would be used to recalculate your estimate, but would be major contributors to the development of that estimate. Also, the features listed above may include only the predominant components but not every single component. If you desire a complete list of all home features, including all their components, or any other information, please contact your agent so they can provide that information. The definitions of selected reconstruction cost terms are below.

There are other coverages and/or options that may be right for you, including those that follow. Some may not be available based on your policy form and/or some may have additional underwriting requirements.

Extended Replacement Cost Coverage: With this coverage and subject to its provisions, we pay to repair or replace damage from a loss covered under Coverage A up to an additional 25% or 50% of the Coverage A amount, depending on which percentage options, if any, are available in your state for your policy form. If your policy does not have this coverage, or if a higher coverage limit is available, you may consider adding or increasing this coverage for an additional premium. This coverage may provide an additional layer of protection as your policy **does not** provide Guaranteed Replacement Cost coverage.

Building Ordinance or Law Coverage: Your policy has limited Building Ordinance or Law coverage to pay for costs that result from having to rebuild in compliance with updated building codes. You may be able to increase the amount of this coverage for additional premium.

Personal Property: You may also be able to purchase increased coverage for certain items of personal property. These items may include but are not limited to jewelry, watches, electronic data processing equipment, fine arts, firearms, silverware, and other collectibles.

Please contact me to discuss any of the coverages or options listed above.

Recent Developments

- A cross-functional team from across the enterprise was established to develop a clear and compelling three-year strategy for Farmers. In June, our new strategy was announced, and implementation is now underway.
- We introduced a new opportunity for Farmers agency owners and their health-licensed agency staff to sell Medicare to eligible customers.
- The Exchanges sold three brokerage entities and the servicing arm of its flood program to a subsidiary of Farmers Group Inc. for \$760 million. The transaction significantly contributed to strengthening the surplus of the Exchanges, while also positioning Farmers agency owners for future growth and improved customer retention.
- We delivered when it mattered most in a year full of catastrophes. In fact, this year alone, we handled nearly 50 large CAT events, including severe storms, a hurricane, wildfires, and winter storms.

Better Together

- Farmers contributed \$5,368,985.83 in charitable giving with 68% of those funds supporting disaster resilience efforts.
- Our employees continue to make a difference in communities across the country, completing 36,908 hours of service across 1,599 causes in 807 communities in 2023.
- Our employees also positively impacted 903 Junior Achievement students in October through exposure to financial literacy and career readiness training. Exceptional feedback has led to an exciting new partnership with Junior Achievement, launching in 2024.

2024 Exchange Update (continued)

FREQUENTLY ASKED QUESTIONS

As a member of Farmers Insurance Exchange, we want you to understand the basics of the operation of an Exchange because, as you will see below, you are an owner of the Exchange.

What is an Exchange?

An Exchange is an insurance organization, which operates in most ways like any other insurance company, but with a few key differences. Farmers Insurance Exchange was organized under a provision in the California Insurance Code, which allows insureds to "exchange" policies with other insureds. Because the insureds cannot practically be involved in actually issuing policies, collecting premium, paying commissions to agents, etc., they appoint a third party - called an "attorney-in-fact" (AIF) - to perform those duties on their behalf for a fee. That appointment is made through a document called a "Subscription Agreement." You were asked to sign a Subscription Agreement at the time you applied for insurance with Farmers Insurance Exchange and that is how you became a member (aka subscriber).

Who owns the Exchange?

You do. Subscribers of the Exchange are owners until such time as they no longer have insurance from the Exchange. Subscribers elect a Board of Governors which supervises the financial affairs of the Exchange and the performance of the AIF in conformity with the Subscription Agreement terms.

Why is an AIF fee paid to Farmers Underwriters Association (FUA)?

Under the Subscription Agreement mentioned above, members appoint FUA to perform certain of the tasks, such as policy issuance and collection of premium, which are involved in running an insurance operation. The Subscription Agreement specifies an AIF fee of 20 percent of premium, although FUA has taken less than that amount.

What is FUA?

FUA is the business name utilized by Farmers Group, Inc. (FGI) to describe its functions as the AIF for Farmers Insurance Exchange. FGI is part of the Zurich Insurance Group, Ltd (ZIG), a Swiss company. Neither FUA, FGI nor ZIG has any ownership interest in Farmers Insurance Exchange, which is owned by its subscribers (insureds).

How was your premium dollar spent by Farmers Insurance Exchange in 2023?

Your premium dollar covers Exchange costs including losses incurred, acquisition costs, taxes, license fees, the AIF fee, and any contributions to surplus. For 2023, the AIF fee was 13% of the premium dollar, which included the AIF profit of 7.00% of the premium dollar for that year.

Can the Exchange lose money?

If premiums collected exceed claims payments and other expenses (including the fee for the AIF), then the Exchange retains those net premium earnings (as contributions to surplus). If premiums are not sufficient to cover claims and expenses, the Exchange will lose money. That's one reason it is important to build surplus to pay future losses. The AIF does not participate in claims losses and does not enjoy any net premium earnings. Importantly, subscribers are not responsible for any losses the Exchange might suffer.

How can I exercise my right to vote?

You may exercise your voting rights in any of the following ways:

1. By attending the annual members' meeting in Woodland Hills, CA on March 17, 2025 at 2 PM,
2. Electronically through your Farmers.com account (voting will be available from January 1, 2025 to March 7, 2025 and you will be required to create a Farmers.com account if you do not already have one), or
3. Through mail by requesting a paper proxy from the Subscriber Relations Office (completed proxies must be received by March 7, 2025)

Where can I get more information about the Exchange, or obtain a paper proxy?

You can go to www.farmers.com/about-us for most questions. If you have additional questions or want to obtain a paper proxy along with a postage paid envelope to confidentially return your proxy, please contact:
